Celebrating 10 Years of Service to the RIM Profession

What is the ARMA International Educational Foundation?

The Foundation is an education and research funding resource, a non-profit 501(c)3 affiliate of ARMA International. The Foundation was established in 1997 to define the future of records and information management by funding educational opportunities and research initiatives. Our Vision is to maximize the value of information management and to make a positive contribution to the global perception of those who work in this profession. Our Mission is to advance knowledge in the field of information management through the funding of research on issues critical to records and information management and to support scholarships and educational programs that enhance the profession.

Benefits of supporting the AIEF:

The Foundation relies solely on donations and/or sponsorships and believes that any donation, or sponsorship of a project, is an investment in the future of the records and information management industry. Contributions to the Foundation contribute to the stability of the RIM profession. Donors, through the Foundation, have an impact on the future of the RIM profession, support leading edge research projects or sponsor students who will lead the profession as educators or academic researchers in the future.

The Foundation is governed by a Board of Trustees comprised of fellow RIM practitioners, who face the same issues and challenges that are encountered by all RIM professionals in day to day business dealings. The Trustees are interested in the longevity of the industry and continually assess what needs to be done to educate and enlighten the RIM Profession in its issues. This on-going initiative enables the industry to grow and move forward, as well as facilitates understanding of our problems and assists in identifying the future educational requirements for us all.

*To continue this valuable work, the Foundation needs **YOU!*** Donations are our only source of income. It is your contributions that make the achievement of our vision and mission possible. Please join in building the Endowment!

How can you contribute?

5/100 Legacy Program Participants pledge \$100 each year for the next 5 years (a total of \$500) toward building the Foundation Endowment.

Memorial and Special Gifts A monetary gift offered in memory of an individual who is no longer with us but whose life made an impact, a difference, in the field of records and information management. Special gifts recognize achievements, services provided to the profession and other contributions of note.

Planned Giving A gift to the Foundation provided by the donor as part of an estate plan.

ARMA Chapter Foundation Champion (CFC) An ARMA member who services as the critical person to person link between the Foundation and each chapter member's understanding of its funding goals and its research and educational projects.
